KYC PML Policy (Version 1.1)

Introduction

The Reserve Bank of India (RBI) has issued comprehensive 'Know Your Customer' (KYC) Guidelines to all Non-Banking Financial Companies (NBFCs) in the context of the recommendations made by the Financial Action Task Force (FATF) and Anti Money Laundering (AML) standards and Combating Financing of Terrorism (CFT) policies.

On October 17, 2023, the RBI introduced significant amendments to these KYC directives through its notification – Amendment to the Master Direction on KYC, impacting various regulated entities including NBFCs. In view of the same, Som Datt Finance Corporation Limited (SDFCL) has adopted the said KYC guidelines with suitable modifications depending on the business activity undertaken by it. The Company has ensured that a proper policy framework on KYC and AML measures be formulated in line with the prescribed RBI guidelines and put in place duly approved by its Board of Directors.

As a result, Som Datt Finance Corporation Limited ("SDFCL" or the "Company") has framed the Policy of Know Your Customer and Prevention of Money Laundering (the 'Policy') which is covered in this document. This Policy may also be referred to as KYC-AML guidelines or KYC-AML Policy or KYC-PML guidelines or KYC-PML Policy by the Company in this and all other documents unless otherwise specifically defined.

Background & Objective

Money laundering refers to concealing or disguising the origin and ownership of the proceeds from criminal activity, including drug trafficking, public corruption, terrorism, fraud, human trafficking, and organized crime activities. Terrorist financing is the use of legally or illegally obtained funds to facilitate terrorist activities. Money laundering and terrorist financing may involve a wide variety of financial products, services, and transactions including lending and investment products, and the financing of equipment and other property that could be used to facilitate terrorism and other criminal activity.

Generally, the money laundering process involves three (3) stages: placement, layering and integration. As illegal funds move from the placement stage through the integration stage, they become increasingly harder to detect and trace back to the illegal source.

- **Placement:** It is the point where illegal funds first enter the financial system.
- **Layering:** After illegal funds have entered the financial system, layers are created by closing and opening accounts, purchasing and selling various financial products, transferring funds among financial institutions and across national borders. The criminal's goal is to create layers of transactions to make it difficult to trace the illegal origin of the funds.

- **Integration:** It occurs when the criminal believes that there are sufficient number of layers hiding the origin of the illegal funds to safely invest the funds or apply them towards purchasing valuable property in the legitimate economy.

To prevent money-laundering in India and to provide for confiscation of property derived from, or involved in, money-laundering and related matters, the Parliament of India enacted the Prevention of Money Laundering Act, 2002 (PMLA), as amended from time to time. Further, necessary Notifications / Rules under the said Act have been published and amended by the Ministry of Finance, the Government of India.

As per the Prevention of Money Laundering Act 2002, the offence of Money Laundering is defined as: ***“Whosoever directly or indirectly attempts to indulge or knowingly assists or knowingly is a party or is actually involved in any process or activity connected with the proceeds of crime and projecting it as untainted property shall be guilty of offence of money-laundering. “Proceeds of crime” means any property derived or obtained, directly or indirectly, by any person as a result of criminal activity relating to scheduled offence or the value of any such property.”***

The PMLA defines money laundering offence and provides for the freezing, seizure and confiscation of the proceeds of crime. The Reserve Bank of India (RBI) vide Master Direction DBR.AML.BC. No.81/14.01.001/2015-16 dated February 25 2016 and subsequent modifications thereof, have prescribed guidelines “Anti Money Laundering” guidelines/standards.

In view of the above, KYC-AML policy of the Company has been framed to broadly achieve the following purposes:

- To prevent criminal elements from using the Company for money laundering activities;
- To enable the Company to know/ understand its customers and their financial dealings better which, in turn, would help the Company to manage risks prudently;
- To put in place appropriate controls for detection and reporting of suspicious activities in accordance with applicable laws/laid down procedures;
- To comply with applicable laws and regulatory guidelines;
- To ensure that the concerned staff are adequately trained in KYC/AML/CFT procedures.

Applicability:

This Policy will be applicable to all branches/offices of the Company and is to be read in conjunction with related operational guidelines issued from time to time.

Branch/Office Located outside India:

If ever the Company has any branch/ office which is located outside India, this KYC-AML Policy shall be applicable to branch / office located outside India to the extent that they are not contradictory to the local laws in the host country, provided that:

- where local applicable laws and regulations prohibit implementation of these guidelines, the same shall be brought to the notice of the Reserve Bank of India.
- in case there is a variance in KYC/AML standards prescribed by the Reserve Bank of India and the host country regulators, branches/offices of the Company are required to adopt the more stringent regulation of the two.

2.3 The company shall identify and verify the identity of the customers or the beneficial owners using reliable and independent sources of identification.

2.4 In the case of cross-border customers, there is the additional difficulty of matching the customer with the documentation and the NBFCs may have to rely on third party certification/ introduction. In such cases, it must be ensured that the third party is a regulated and supervised entity and has adequate KYC systems in place.

3. Trust/Nominee or Fiduciary Accounts

Branch/offices shall determine whether the customer is acting on behalf of another person as trustee/nominee or any other intermediary. If so, they shall insist on receipt of satisfactory evidence of the identity of the intermediaries and of the persons on whose behalf they are acting, as also obtain details of the nature of the trust or other arrangements in

place.

SDFCL shall take reasonable precautions to verify the identity of the trustees and the settlers of trust (including any person settling assets into the trust), grantors, protectors, beneficiaries and signatories. Beneficiaries shall be identified when they are defined. In the case of a 'foundation', branches shall take steps to verify the founder managers/ directors and the beneficiaries, if defined. There exists the possibility that trust/nominee or fiduciary accounts can be used to circumvent the customer identification procedures.

4. Accounts of companies and firms

Branch/office need to be vigilant against business entities being used by individuals as a front for maintaining accounts with NBFCs. Branch/ office may examine the control structure of the entity, determine the source of funds and identify the natural persons who have a controlling interest and who comprise the management. These requirements may be moderated according to the risk perception e.g. in the case of a public company it shall not be necessary to identify all the shareholders.
